Carers Understanding the Gateway

Carers SA National

Friday 19th February 2021

Brief Description:

Carers SA provides support to unpaid carers across South Australia.

From April 2020, under the Government's new carer support model, Carers SA has become the main provider of services for South Australia's 250,000 unpaid carers.

With 30 years of experience, Carers SA provides unpaid carers with a range of support services including carer support planning, emergency respite, peer support and coaching, in-person counselling and tailored financial packages.

Carers are at the heart of everything we do.

We want carers contribution to be valued and their voice to be heard.
